(Views of the foremost thinker and speaker in the United States)

—Editor—  
You are so busy running and dodging both persecution of the democratic party and the stupidity of your "leaders" that you have but little time to keep up with what is going on in the world. Whatever you may think of our white people, their indifference, etc., try to keep an eye on them.

War for them means war for you. As for war, hope that in the next conflict you will be commanded by those who fought FOR your freedom, not against it.

Uncle Sam, eager for friendship and easy mark for statesmen of Europe, begins to think of what it would mean to him, and to his children, including the black sheep of the family, if half of this continent should join with Europe to bring him down a button hole or two. Latin America, that is South and Central America, (get down your geography and call in your high school children, has become bold enough to tell Uncle Sam to hold his horses.

These stirring words from Manuel Ugarte, brilliant Argentine thinker, doubtless gave Mr. Kellogg, your secretary of state, pause as he read them.

"When our diplomats talk about the 'Colossus of the North' they confess their own tragic failure. They themselves have created the 'Colossus of the North' by surrendering to foreign banks and corporations the pledges of their country's future greatness. They themselves created the Colossus of the North when, in a continent divided into halves by blood, language, and race, they refused to unite for self defense and joined the train of the conqueror."

That "Colossus of the North" spoken of by Senor Ugarte is Uncle Sam. If Europe and South America ever got together against Uncle Sam, Japan, awakened from a sleep of three centuries by an American admiral in 1859, would, simply say, "Put me in for good measure."

You are much like a woman who is all right as long as she is arguing all over her household. As long as you are up in arms with Uncle Sam, all right. When the stranger opens the gate, that, then, is a horse of another color. There is no place like home.

—OO—  
The Remus murder interests you, of course. Birth and death will always interest people, any people, more than politics, education, or cotton and corn.

Hope that Mrs. Remus was prepared to meet her maker. As for Mr. Remus, you will have plenty time to think and change thoughts as his trial goes along. Charles P. Taft, Jr., son of your chief justice, who got into YOUR history by signing the Jim Crow constitution of Oklahoma, says he will ask for Remus' life.

A jury of sensible men and women of Ohio will weigh his request before granting it.

Our white people were doing first rate before they got mixed up with whisky. Then, as you see, followed lawlessness, thievery, lying, MURDER, and amendments to the Constitution that can be enforced, those put there in memory of Lincoln, serve only to show how smart the democratic party is.

"We lost," say democrats, "at Appomattox but we won in the amendment. Long live slavery!" That amendment, the 15th, which can NEVER be enforced as long as the story of liberty remains as it is, serves only to show how foolish smart people can be. Your government spends \$50,000,000 yearly to keep men from taking a drink. Yet everybody is drunk, including some of the gentlemen who vote that way.

To keep other men, gentlemen who once held you in bondage, from robbing some Americans of the ballot, your government doesn't spend one cent. Even asking the government about the matter drives many to say that you are out of your head.

"Society owes me a debt for getting rid of her," Mr. Remus is reported as saying of the murder of his wife. At least somebody is in debt, society or Mr. Remus. After the lawyers get through with the matter you won't know half as much as you do now.

As the Bible says, so it is, "Wine is a mocker." So very true, as you see.

—OO—  
If you have strength to withstand a shock, prepare to use it. The summer conference of the Methodist Church, the Rock River, which once flew the Klan flag, cheered Bishop Hughes last Tuesday when he told his brethren that he was sick of "this Nordic stuff," and then gave Clarence True Wilson, Methodist dry mouthpiece, the right hand of fellowship for an interview praising William Hale Thompson to the sky.

You will wish to read the word of Bishop Hughes. Here they are: "This boast of the 'Nordic' race is pretense. Our ancestors, the Anglo-Saxons, used to eat raw meat and smear blood over their heads until they were Christianized. If you are boasting of being 100 per cent American, why not include the Negroes, for not one of them ever went back on this country." (Continued on page 4)

## MAN KIDNAPPED TWICE BY GEORGIA SHERIFF

### Police Battle With Man; 1 Dead 15 Hurt

**FREED; HELD KIDNAPPED AT ONE TIME**

**Alleged 'Ace' Rum Runner Gives Up**

**Samuel Kennedy Kidnaped In Chicago. Later In Terre Haute**

**Twice Taken Almost From Court's Authority By Ga. Sheriff**

TERRE HAUTE, Ind., Oct. 14th.—Samuel Kennedy, kidnaped in Chicago several weeks ago by a Georgia sheriff J. T. Ivey, was the victim of what appears to be a second kidnaping last Friday in which local officials are alleged to have participated. A special investigator sent to the scene by the Indianapolis Recorder reported the case on Friday, Oct. 7 Kennedy was set free in Circuit Court, after a motion by his counsel R. L. Bailey of Indianapolis, Harold W. Tyler of Chicago and Ex-Judge J. T. Walker of Terre Haute for an appeal to the State Supreme Court had been granted.

Kennedy bail bond approved by Judge John P. Jeffries in the sum of \$1200 cash was furnished on the spot by Dr. J. B. Oliver of Brazil, who has been a tireless worker in the case. As soon as Kennedy was set free, however, a new warrant charging a felony was served on him in the court room. Mr. Bailey counsel for Kennedy asked he court to see the warrant and inquired as to what court the warrant was from, when this was discovered. The court ruled this question was not before the court, and if there was another warrant, the defendant might give bond pending further legal action.

Afterwards the court admonished sheriff Fonnecannon of Vigo County he might serve another warrant on Kennedy, as he was free. As this was said sheriff Fonnecannon and Ivey the Georgia sheriff, one or two other deputies and several uniformed policemen rushed towards Kennedy.

## GRAND JURY MAY PROBE KENNEDY'S KIDNAPPING

**Counsel Attacks Removal Of Kennedy From Court Room; Urges Inquiry Into Officials' Action**

TERRE HAUTE, Ind., Oct. 14.—Grand Jury investigation of the "kidnaping" last Friday of Samuel Kennedy, by Sheriff J. E. Ivey of Georgia seemed possible Monday after Circuit Court Judge John P. Jeffries told colored citizens that if it is their desire he will direct the prosecuting attorney to assemble the grand jury and subpoena witnesses to tell of the affair.

His statement came late in the afternoon following an all-day effort on the part of R. L. Bailey, attorney, Indianapolis, to obtain release by any legal means possible. Mr. Bailey met temporary defeat when a writ of habeas corpus which was served too late Friday to prevent the exportation of Kennedy receiving a legal reply from Hugh L. Barr, Ivey's attorney, which claimed all responsibility, saying that Kennedy always was in the custody of Ivey.

Urges investigation. "Your honor," Bailey told Jeffries, "there should be a sweeping grand jury investigation of the arrest of Kennedy and the actions of the local police in this matter. If for no other reason there should be an investigation because of the effect that the actions of the police and sheriff will have on those persons who by this will come to believe they cannot obtain justice in this court and will take the law into their own hands hereafter."

**Kennedy's Case May Be Carried To Federal Court**

TERRE HAUTE, Ind., Oct. 14th.—On Friday after learning of the "kidnaping" of Kennedy has attorneys, it is stated, said "now we have a real case. We may file charges in the United States Court."

"If Sheriff Fonnecannon has aided in such kidnaping he has done it without my knowledge," said Hugh L. Barr, who, as the sheriff's attorney, has aided Deputy Ivey during the habeas corpus hearing. "He can't blame me if he gets into trouble."

"What plan we shall pursue now has not yet developed, but you may be sure that we shall take every opportunity. We may go to Atlanta, Ga., and file a suit in the Federal Court."

During the entire hearing the court room was crowded with colored residents of this city and also from Indianapolis and Chicago.

Dr. J. B. Oliver of Brazil, a wealthy and prominent citizen of that city and nationally known, who has invested money, time and energy in the affair, is reported as having said, he is willing to spend thousands of dollars to thrash the matter out. And the citizens of this city are up-arms over the conclusion as it stands at present.

**FLOGGERS CLEARED OF KILLING**

MARLIN, Tex., Oct. 14th.—W. T. Hill, a former guard at the Houston City Prison farm, who was charged with the murder of Wiley Zeigler, who died at the prison farmer after being whipped severely was acquitted last week. The jury found Hill guilty of assault and sentenced him to 45 days in jail.

**Motorist Acquitted In Crash Case**

Harry "Gosling" Lee, 525 Indiana Ave., was acquitted of assault and battery and speeding in Criminal Court, Monday evening before special Judge Harry C. Hendrickson.

The charge is one growing out of an accident between Lee's car and the police patrol at 21st and Capital Ave., last April 22, in which the driver of the police car and another policeman were badly injured, when they were thrown from the patrol.

Both cars were badly damaged and in the mix-up two federal prisoners who were in the patrol escaped, one of whom has since been arrested.

Lee was found guilty on charge of reckless driving and given a fine of \$50.00 and cost. The case was an appeal from the Municipal Court of Marion county in which Lee was found guilty on all three charges and given fines and cost totaling \$200.00 and given 30 days in jail.

**PURSUED BY OFFICERS A LONG TIME**

**Tom Payne Is Reported To Have Surrendered To Officers**

The local Federal Prohibition office within the last 4 or 5 weeks is credited with several striking catches and at the present rate the promise of Director Winkler to clean up the community seems to be more than a threat or assertion. Just a week ago about 100 indictments by the Federal Grand Jury were reported. The indictments included some of the largest and most consistent violators of the liquor laws. The most recent alleged ace of dealers to fall into the net of the Prohibition officers is reported to be one, "Uncle Tom," whom officers are reported to be on the trail of for a long time but could never catch up with.

Tom Payne alias "Uncle Tom" alleged acute bootlegger or illicit liquor dealer was scheduled to give himself up at Federal Prohibition headquarters in the Custom House Wednesday. "Uncle Tom" has been indicted by the Federal Grand Jury on a liquor charge and it is reported he called Prohibition headquarters (Continued on page 8)

**Smith's Pleasant's View Neighborhood Club Hold Meeting**

The Smith's Pleasant's View Neighborhood Club, a civic body of the community around Keystone and Churchman Avenue organized several years ago reports some commendable activity in securing municipal improvements for the vicinity. The officers of the club are O. Miller, president; Mrs. Clarence Pinkston, vice president; Mrs. Bishop, Secy., and Mr. Pinkston, Treas. The last meeting of the club was held on Monday evening of this week, at the home of Mr. and Mrs. Pinkston, 1814 S. Keystone.

Mr. Miller president presided a devotional service was conducted by Mrs. Hattie Butler, Attorney R. L. Brockenburr, spoke on "Community Interest" and M. C. Stewart and W. M. Chambers made brief remarks on civic interests and possibilities.

Both cars were badly damaged and in the mix-up two federal prisoners who were in the patrol escaped, one of whom has since been arrested.

Lee was found guilty on charge of reckless driving and given a fine of \$50.00 and cost. The case was an appeal from the Municipal Court of Marion county in which Lee was found guilty on all three charges and given fines and cost totaling \$200.00 and given 30 days in jail.

In finding Lee not guilty on the charge of reckless driving the court said the evidence showed that Lee had been compelled to drive in a reckless manner to keep from hitting a woman and child and in so doing he had done a good deed. Therefore the court found him not guilty on that charge.

As to the failure or refusal of Sheriff Fonnecannon, arresting Kennedy, to read any warrant, Judge Jeffries stated this was merely a technical point and that so long as he had the warrant, which is said to have been issued by the prosecuting attorney, that was all that was necessary. He told the citizens further that all that remained for him to do was to call the grand jury investigation if they so desire it.

**Bond Is Returned.**  
Monday morning, Mr. Bailey, Kennedy's attorney, filed a motion for the return of Dr. Jacob B. Oliver of the \$1,200 cash bond which the doctor had filed for Kennedy's release, pending appeal. On Mr. Bailey's representation that it is now impossible for Kennedy to appear, due to the act of the Georgia sheriff in returning him to state, the court ordered the bond paid back to Dr. Oliver.

**N. G. Doctor's Widow And Beach In Jail**

MAYS LANDING, N. J., Oct. 14.—Formally indicted last Friday morning for the murder of Dr. Win. Lillendahl, following three weeks of investigation, Mrs. Margaret Lillendahl, the widow, and Willis H. Beach, her poultry farmer neighbor, remained in Atlantic County jail today, while their attorneys prepared to make a legal fight to free them on bail.

Supreme Court Justice Luther Campbell, before whom they will be arraigned Monday, made it clear in a telephone statement from Hackensack, where he is sitting, that there is little chance of the two being released before Monday. He indicated he would deny an application to fix bail if it is made tomorrow.

**Auto Accident Proves Fatal**

Claude Morrison, age 25 of 351 W. 26th St., received an injury in an automobile accident last Wednesday, which resulted in his death. The accident happened on the Lafayette (Chicago) road near 3rd St. It is reported Morrison tried to avoid hitting a dog in the road after hitting the dog struck a telephone pole and turned over.

A state policeman Charles Bridges who investigated the accident reported by the time Morrison was free from the wreckage of his car, the machine was in flames and burned up. Morrison was brought to the city and carried to the City Hospital. He died Friday. The funeral was held Wednesday of this week at the Ebenezer Baptist Church, Rev. Chas. Johnson officiating. Morrison leaves a mother and other relatives.

**DEAF, DUMB MAN HELD FOR ATTACK**

CLAREMORE, OKLA., Oct. 14th.—Richard Wilson, a deaf and dumb Negro, was arrested last week and is held as the alleged assailant of Mrs. John Blair.

Wilson was arrested Tuesday, but has not yet been taken before the county attorney for questioning. He has denied all knowledge of the attack in written statements to Sheriff B. J. Faulkner.

**Smith's Pleasant's View Neighborhood Club Hold Meeting**

The Smith's Pleasant's View Neighborhood Club, a civic body of the community around Keystone and Churchman Avenue organized several years ago reports some commendable activity in securing municipal improvements for the vicinity. **Killings By Autos Grow**

WASHINGTON, Oct. 14th.—Deaths by automobiles are increasing at the rate of 2,000 annually, according to the American Road Builders' Association. The average killings, the past five years, was 23,000.

The largest number of accidents occur between 5 and 6 in the afternoon, when workers are hurrying to their homes. Less than 5 per cent of all accidents are the result of faulty mechanism or improperly designed roads or streets. The human machine is responsible for the remaining 95 per cent of the accident total, it is said.

More than 7,000 school children, the majority between the ages of 6 and 12 years, are killed annually in traffic accidents because they have not fully developed the ability to judge speed and distance.

**Louisville Boasts of Poultry King**

LOUISVILLE, Ky., Oct. 14th.—To Frank R. Willis, one of the leading businessmen of Louisville, belongs the honor of Poultry King. Mr. Willis owns over 2,000 of the best breed of chickens in this country. He has won honors at Madison Square Garden, Chicago Coliseum, Boston, and year after year at the Kentucky State Fair.

He makes a specialty of raising the Dark Cornish, his chickens have been shipped all over the United States and Canada. Recently in Chicago he won the honor over 127 pens of all breeds. His dark cornish chickens are well known all over England. At the Kentucky State Fair in the selection of the best pen in the entire show of all breeds competing for the highest possible honor of the show his Dark Cornish breed was first.

**Local Lawyer Tried For Embezzlement**

The trial of J. K. Brown, charged with embezzlement of funds of Robert Johnson was tried in Criminal Court, Monday. Brown, who was attorney in a civil suit for Johnson was charged with appropriating money belonging to Johnson to his own use. Brown, the circumstances indicate settled a judgment for Johnson in a compromise but failed to turn the money over to Johnson.

After Johnson discovered what Brown had done, he demanded payment of the money settlement in the judgment, by Brown. Brown denied collecting the money, but later under fire promises to pay Johnson and gave him a check which was no good. And Johnson sought redress in Criminal Court.

Brown was represented by attorney John Browder in court, he testified in his own defense and considerable time was used. Prosecutor Niblack stated he desired to give Brown a stiff sentence and a heavy fine. He was found guilty, fined \$50.00 and ordered by the court to pay Johnson in 60 days or go to jail.

**Business Men Meet**

The Indianapolis Business League will meet Thursday evening, Oct. 13th at the Y. M. C. A. Important business is scheduled for the session. Business men are invited, and new members are being solicited according to the president, Jas. R. Hodges. Several good talks on business are promised, and advertising will be discussed. Refreshments will be served.

**Miss. Bars Chinese From White Schools**

JACKSON, MISS., Oct. 14th.—A ruling handed down by the Mississippi Supreme Court Monday barred Chinese from the white schools of the state. The ruling was a reversal of decision in a lower court of Coahoma County, which ordered the school officials to allow a Chinese to enroll in a school of that county.

The court ruling in the case of W. F. Bond, state superintendent of education, against Joe Tin Lung, and adult, and Joe Tin Lun, a minor, said that friction, disorder and general unhappiness would be occasioned if efforts were made to associate the Caucasian race with the colored race in Mississippi schools.

**Thompson A National Figure**

CHICAGO, Oct. 14th.—Rumor of Big Bill Thompson becoming a potential factor in the Republican National Convention, and of a growing sentiment in his favor in the Southland are afloat about the country. In Chicago however, it is asserted, Mr. Thompson has not indicated any possible move along this line that might be announced to the general public. The work of Mr. Thompson for flood control, the Great Lakes Mississippi River Ocean way project, his America First platform and his attitude towards Negroes are however said to be esteemed in the (Continued on page 8)

**FIGHTS OFF POLICE FROM BARRICADE**

**Armed Spectators Gather Near Battle Scene Several Hurt.**

BIRMINGHAM, Ala., Oct. 14th.—Charles Pinkston, who became angry over remarks made to him by a sanitary inspector, George Kirchoff, slashed Kirchoff with a knife. Pinkston, who operated a soft drink stand fearing he would be attacked by a mob fled home. He barricaded himself in his home and waited the arrival of the police. All available police officers were ordered out to bring Pinkston in dead or alive. The story of Pinkston's attack on Kirchoff spread very quickly over the whole city. And it is said more than 5,000 persons gathered around Pinkston's house, most of them armed. Having drilled holes through his house to look out and fire if necessary, Pinkston sat at ease waiting (Continued on page 8)

## School Closed; Children Strike; Protest Shifting

About forty boys and girls who attend school No. 65, went on strike Tuesday in protest against the closing of their school at 15th St. and Elliot Ave. The school was closed by order of the school board and the board planned to transfer the children to school No. 37 at 25th St., more than three miles away. It is said the school board contracted with a bus firm to carry the children to school No. 37.

The parents of the children assert school No. 37 is too far away and inconvenient to the children. The Parent-Teachers Association of the school of which Mrs. Catherine Grissom is president, ruled Tuesday the children would not be sent to school No. 37. And a bus driver who called at the old school was told to go on without the children.

On Tuesday evening, about 35 men and women parents of children who attended the school appeared before the school commissioners. The parents demanded that school No. 65 be reopened and their children not be ordered to attend school No. 37, 3 miles away. Members of the delegation assert if the school is not reopened the matter will be taken into court.

**ALA. FLOGGERS ON TRIAL WITNESSES SUMMONED**

**W. J. Worthington ExKlan Leader, Among Defendants Before Court; 8 Others In Lashing Cases**

BIRMINGHAM, Ala., Oct. 14th.—Witnesses to be used in the trials of W. J. Worthington, Julius Lumpkin, Louis C. Albright, Ellis A. Clayton, Eugene Doss, Ellis C. Ratliff, Ira Davis, Andrew J. Glaze and J. O. Sizemore which will begin Oct. 17, were being summoned last Friday by the state. Defense witnesses had not been subpoenaed because attorneys representing the accused had not surrendered witness lists.

Witnesses are the same against many of the defendants, the state's list revealed.

Worthington is facing two charges of bribery and one of kidnaping. Witnesses in the two bribery counts are the same. They are John H. McMath, City Hall; L. L. Williams, Boyles-Iona Burton and Emmett Williams, of Boyles.

Arthur Hitt, Minnie Hitt, of Village Springs; Hiram Denton, of Mt. Pinson; D. H. Walker, 824 Tenth Ave., South; A. T. Danforth, Village Springs; Emmett Williams and Chester Burton of Boyles, have been summoned against Worthington in the kidnaping case.

The same witnesses to be used against Worthington in the bribery cases have been summoned by the state against Lumpkin, who is alleged to go to trial as one of the first defendants, on a charge of bribery.

Witnesses against Albright, an attorney, charged with kidnaping include Hitt, Minnie Hitt, Danforth, Denton, Walker, Williams and Chester Burton and are the same as those summoned to appear against Worthington in the kidnaping trial.

Clayton is facing trial on two charges of kidnaping and the state has summoned a number of witnesses, which include John L. Bolton (Continued on page 8)

## THE SCHOOL TAX REDUCTION

The Indiana Taxpayers' Association, the Chamber of Commerce and other agencies have been apparently touched by the local current wave of ill motivated (?) conservatism or reform. One trend of this wave of conservatism or reform is to save the tax-payers money on one hand and spend it on the other. The myth of saving tax-payers money is as old as the institution of taxation itself. And the few who really save or profit on alleged conservative taxation are those who profit most on the wise expenditure of public funds.

As a result of the howl over the school tax levy, last week a conference between school officials and the state board of tax commissioners was held, and it was decided to reduce the city school budget.

A reduction of the budget means of course a reduction of the school tax levy. A reduction of around \$300,000 is proposed and still further reductions to follow including possible slice off the regular teacher's salary fund.

This reduction although small, along with the proposed reduction of the school tax levy, will cut quite a figure, if the sliced items or sums were herebefore included in the budget. Again, the tax-payers organization and the Chamber of Commerce propose to reduce the school tax levy from \$1.45 to \$1.00. This is better than a thirty per cent cut, and it follows, if this is necessary, logical and possible the rate of \$1.45 should never have been levied in the first place. If \$1.00 is sufficient, in the face of a present levy of \$1.45, it shows either the tax-payers organization, the Chamber of Commerce and the tax-reformers have been asleep at the helm, or there is a gross reflection upon the ability and integrity of the administration of the city's school affairs.

It is to follow, the school affairs are in the throes of a corrupt political regime as elsewhere, with the possibilities of an expose? Or otherwise, how, when or can the school city conduct five (5) high schools, where three formerly existed, building three at the same time, and cut the budget more than thirty (30) per cent? Again, the school city has a building program of grade schools, there is also the upkeep and repair of grade schools, and the matter of additional teachers. Both high and grade schools also the item of increased salary for teachers. How can the great program of necessary expansion be carried on, while a reduction of thirty (30) per cent in the school levy is being made? The city should be preparing to take care of the demands of a school city of 500,000 population.

It has been said the school levy is greater than the levy for all other purposes. And this is logical and should be the case. The police, parks, sanitation, garbage removal and other municipal activities pay a direct tangible return. The police, parks, sanitation, garbage removal and other municipal activities pay a direct tangible return. The police, parks, sanitation, garbage removal and other municipal activities pay a direct tangible return.

Any action on the matter should take especially into consideration the incomplete operation of motor vehicles, the drunken driver, and the operator or owner of the good-for-nothing rattle-trap, struggling "gas-plug," type of vehicle. A law to help the situation should bar persons incompetent to operate motor vehicles, for any reason, from driving Drunken Drivers, the most culpable offenders, after the third offense, if they have not already landed in the penitentiary or cemetery should be barred from driving. Last but not least the driver of the run-down rattle-trap type, "gas-plug" and "college models" should be ruled from the streets and highways, or otherwise made to deposit substantial bonds with the authorities to protect the lives and property of those whom they may do injury. A law to remedy the situation may require compulsory insurance or responsibility bond and guarantees of substantiality in the motor vehicles in use, along with all other precautionary measures. And it is high time to show a decrease in the annual loss of life, property value and number of serious accidents.

PRIZE FIGHT FILMS AND PUBLICITY

The modern prize fight, patronized by the cream and scum of our social order alike exhibits all the sordid and infamous Roman regime. There is nothing elevating, inspiring or contributory to

the finer senses in the prize fight and there are scores of better kinds of entertainment or recreation in every state prize fight are tolerated under the guise of boxing bouts, and they are held weekly in Indianapolis. In this city or elsewhere, the major events are patronized by high and low, the nation's dukes, princes and barons of gold and culture as well as the common rabble. The arena prints miles of banks about them, and all modern facilities of intercourse of communication carry the tale of the modern parallel of the Roman arena.

Almost two decades ago congress made a self-righteous gesture against prize fights by forbidding the transportation in interstate commerce of motion picture reproductions thereof. It is to be recalled the Johnson-Jeffries affair was the background of the gesture. But today, the Negro has been almost eliminated from the cream of our Roman Gladiatorial contests, and additionally perhaps the offensive films are shown in every state exhibition is a common occurrence and in the last two or three months several prize fight films have been shown daily in this city, as advertised in the daily papers and shown all over the country. In Indianapolis, it is the Board of Censors, as may be seen by even Rip Van Winkle woke up, to find a changed world.

However, if the federal government, ignores the circumstances, what are a few prize fight films among friends, the producers, the exhibitors, the Board of Censors and the ever-ready public? It is said the interstate commerce act makes no provisions for prosecution of exhibition of the fight films or those who buy them. The crime it appears consists specifically in transportation, only the individual who brings fight films into a state is liable, and there are many loopholes through which smugglers of prize fight films may escape.

The law as it stands is an absurdity, it should be enforced or repealed, if it is enforced, it should be strengthened. And other repressive laws against prize fight exploitations enacted. Of course the daily press might be offended, but there should be some grave concern over the gross commercialization and parade of prize fight. The commercialization of the contests and the attendant evils of giving these acres of space in the daily press, along with other publicity as cinema pictures, works perhaps a more deteriorating influence on the "herd" mind than the brutality of the contests.

KIDNAPING CONSPIRACY (?)

Those who follow the Negro press have read during the last two months of the case of Samuel Kennedy, kidnaped in Chicago by a Georgia Sheriff, J. E. Ivey and brought to Terre Haute, Ind. Ivey while resting in Terre Haute placed Kennedy in jail. Kennedy was able to communicate with persons who immediately started about an effort to obtain his freedom. He was represented by attorneys R. L. Bailey of Indianapolis, Harold W. Tyler of Chicago and ex-Judge A. T. Walker of Terre Haute, the people giving wonderful support or aid to Kennedy's case, including the Terre Haute Branch of the N. A. A. C. P.

Habeas corpus proceeding were instituted in the behalf of Kennedy and after many legal tangles and technicalities were ironed out, over several weeks, including the refusal of Governor Jackson to extradite Kennedy to Georgia, Kennedy won his freedom for a minute on Friday of last week.

It appears however, Kennedy's attorneys, friends and sympathizers in the court at the time did not understand the decision or final action of the Court. And as soon as he was free of one legal tangle, the Georgia sheriff and his sympathizers had another fixed for Kennedy. Sheriff Fannan of Vigo County (Terre Haute) acting for Ivey the Georgia sheriff served a new writ on Kennedy. But Kennedy's attorneys could not find in what court the writ originated. In the interval Kennedy was rearrested after he had been previously released on bond pending the outcome of his appeal on a petition for a writ of habeas corpus. He was taken to jail where it was supposed he would be held, but a short time later was released to what person the record does not show.

Friends or sympathizers of Kennedy, who have been in close touch with him, do not consider the offense, he is alleged to have committed, such as would justify the harassing experiences he has gone through. And now he is in Georgia, where he will be meted out the Georgia type of justice. The citizens of Terre Haute are up in arms over the affair. And it is asserted there, the officials, police, police and sheriff officers have participated in a conspiracy to kidnap a citizen and with a subterfuge refuted the ruling of the court. Citizens interested in the affair state a concerted effort will be made to prove the facts in the case. And if officials of an Indiana County are guilty of conspiring to kidnap a citizen in defiance of the court, who has been harassed in three states on a misdemeanor charge, they should be punished by the law.

The case should be carried to the last length to see that these guilty officials are punished.

DOWN WITH THE "AUTO PERIL"

Over a period of about eight weeks a dozen or more outstanding and shocking automobile accidents have happened in the community. The same is true of any community throughout the country where automobiles are used extensively. These accidents, some, have happened simply as accidents, go, a matter of course, the other, in the case of drunken drivers of motor vehicle have caused accident, a gain in competent drivers play a part and last but not least the driver of the dilapidated, unsafe and unfit car, "gas-plug" contributes a large measure.

Statistics show that there are more than 100,000 automobiles in the United States and the makers are turning out thousands daily. There were, considerably more than 20,000 deaths from automobile accidents last year, a great loss in property value and the total mounts every year. The user or operator of automobiles not to mention the poor pedestrian suffer a great menace from the destroying power of the motor vehicle, which is at the same time a great boon to life, liberty and the pursuit of happiness.

It is to follow, the school affairs are in the throes of a corrupt political regime as elsewhere, with the possibilities of an expose? Or otherwise, how, when or can the school city conduct five (5) high schools, where three formerly existed, building three at the same time, and cut the budget more than thirty (30) per cent? Again, the school city has a building program of grade schools, there is also the upkeep and repair of grade schools, and the matter of additional teachers. Both high and grade schools also the item of increased salary for teachers. How can the great program of necessary expansion be carried on, while a reduction of thirty (30) per cent in the school levy is being made? The city should be preparing to take care of the demands of a school city of 500,000 population.

It has been said the school levy is greater than the levy for all other purposes. And this is logical and should be the case. The police, parks, sanitation, garbage removal and other municipal activities pay a direct tangible return. Any action on the matter should take especially into consideration the incomplete operation of motor vehicles, the drunken driver, and the operator or owner of the good-for-nothing rattle-trap, struggling "gas-plug," type of vehicle. A law to help the situation should bar persons incompetent to operate motor vehicles, for any reason, from driving Drunken Drivers, the most culpable offenders, after the third offense, if they have not already landed in the penitentiary or cemetery should be barred from driving. Last but not least the driver of the run-down rattle-trap type, "gas-plug" and "college models" should be ruled from the streets and highways, or otherwise made to deposit substantial bonds with the authorities to protect the lives and property of those whom they may do injury. A law to remedy the situation may require compulsory insurance or responsibility bond and guarantees of substantiality in the motor vehicles in use, along with all other precautionary measures. And it is high time to show a decrease in the annual loss of life, property value and number of serious accidents.

PRIZE FIGHT FILMS AND PUBLICITY

The modern prize fight, patronized by the cream and scum of our social order alike exhibits all the sordid and infamous Roman regime. There is nothing elevating, inspiring or contributory to

the finer senses in the prize fight and there are scores of better kinds of entertainment or recreation in every state prize fight are tolerated under the guise of boxing bouts, and they are held weekly in Indianapolis. In this city or elsewhere, the major events are patronized by high and low, the nation's dukes, princes and barons of gold and culture as well as the common rabble. The arena prints miles of banks about them, and all modern facilities of intercourse of communication carry the tale of the modern parallel of the Roman arena.

Almost two decades ago congress made a self-righteous gesture against prize fights by forbidding the transportation in interstate commerce of motion picture reproductions thereof. It is to be recalled the Johnson-Jeffries affair was the background of the gesture. But today, the Negro has been almost eliminated from the cream of our Roman Gladiatorial contests, and additionally perhaps the offensive films are shown in every state exhibition is a common occurrence and in the last two or three months several prize fight films have been shown daily in this city, as advertised in the daily papers and shown all over the country. In Indianapolis, it is the Board of Censors, as may be seen by even Rip Van Winkle woke up, to find a changed world.

However, if the federal government, ignores the circumstances, what are a few prize fight films among friends, the producers, the exhibitors, the Board of Censors and the ever-ready public? It is said the interstate commerce act makes no provisions for prosecution of exhibition of the fight films or those who buy them. The crime it appears consists specifically in transportation, only the individual who brings fight films into a state is liable, and there are many loopholes through which smugglers of prize fight films may escape.

The law as it stands is an absurdity, it should be enforced or repealed, if it is enforced, it should be strengthened. And other repressive laws against prize fight exploitations enacted. Of course the daily press might be offended, but there should be some grave concern over the gross commercialization and parade of prize fight. The commercialization of the contests and the attendant evils of giving these acres of space in the daily press, along with other publicity as cinema pictures, works perhaps a more deteriorating influence on the "herd" mind than the brutality of the contests.

KIDNAPING CONSPIRACY (?)

Those who follow the Negro press have read during the last two months of the case of Samuel Kennedy, kidnaped in Chicago by a Georgia Sheriff, J. E. Ivey and brought to Terre Haute, Ind. Ivey while resting in Terre Haute placed Kennedy in jail. Kennedy was able to communicate with persons who immediately started about an effort to obtain his freedom. He was represented by attorneys R. L. Bailey of Indianapolis, Harold W. Tyler of Chicago and ex-Judge A. T. Walker of Terre Haute, the people giving wonderful support or aid to Kennedy's case, including the Terre Haute Branch of the N. A. A. C. P.

Habeas corpus proceeding were instituted in the behalf of Kennedy and after many legal tangles and technicalities were ironed out, over several weeks, including the refusal of Governor Jackson to extradite Kennedy to Georgia, Kennedy won his freedom for a minute on Friday of last week.

It appears however, Kennedy's attorneys, friends and sympathizers in the court at the time did not understand the decision or final action of the Court. And as soon as he was free of one legal tangle, the Georgia sheriff and his sympathizers had another fixed for Kennedy. Sheriff Fannan of Vigo County (Terre Haute) acting for Ivey the Georgia sheriff served a new writ on Kennedy. But Kennedy's attorneys could not find in what court the writ originated. In the interval Kennedy was rearrested after he had been previously released on bond pending the outcome of his appeal on a petition for a writ of habeas corpus. He was taken to jail where it was supposed he would be held, but a short time later was released to what person the record does not show.

## The Week

(Continued from page 1)

Now you CAN say that the Klan is losing ground. Two years ago that speech would have broken up the Rock River conference.

Somebody ought to tell the bishop, maybe Bishop R. E. Jones or L. Garland Penn, big guns in that persuasion ought to tell him, that some American sons of "Anglo-Saxons" may not now smear blood after eating raw meat, but they still a lot of it eating a lynching.

Thank Bishop Hughes for his kind words. A Balzac remarked, "There are words that cut like steel."

Now for Dr. Wilson, famous in his line. After putting forward Hoover as his man to succeed Coolidge, he paid this tribute to Mr. Thompson, against whom Protestant and non-Protestant preachers stood in April past because, he said, "You were good enough for him."

"Certainly I have no authentic information as to what Mayor Thompson's political plans and aspirations may be, but I do know that should they include the presidency, his opponents will do well not to minimize the strength of the forces which will be able to mobilize in support of those aspirations. William H. Thompson is not merely an able politician. He is a man of enormous potential popularity. I know of no man in America who understands the man in the streets as he does, or who can get closer to him."

It is hard to beat the Methodist. The Baptists had a chance at the White House in Mr. Hughes, reached it in Mr. Harding. Sons of W. L. G. left with McKinley. All things come to those who wait. Have you not waited a long time for a William H. Thompson to reach the White House? It is a long lane that has no turning.

President Green got off one or two fine phrases during the sessions of the American Federation of Labor at Los Angeles. Here is one: "The philosophy of Trotsky has no affiliation with that of Gomery."

Ask one of your well-read friends to tell you all about Trotsky. They will tell you he is a Jew. Some thought to Mr. Green's words. Of course you know who Gomery was. He was an English Jew who rose from a tobacco shop keeper in Brooklyn to be president of the American Federation of Labor.

Jews don't work much, but you can see by looking around, in the ORGANIZATION of workers, they are usually on the front seat. No money around, no Jews about. Another good phrase from Mr. Green: "American Federation of Labor will accept no dictation from Russia."

The "philosophy of Gomery" may be all right, but it kept you out of certain labor unions for some time. The doors of labor unions are closed to you. It might be all right to say that the "philosophy of Gomery" has but little affiliation with the philosophy of America, equality, since Mr. Green brought up the matter.

Saturday more than 100,000 persons gathered on the battlefield of Saratoga to celebrate a victory 150 years old. Many will say, "Well what about that; what does it mean to me?" Ask an educated friend to give you details. If he does, he will tell you that the battle was fought on September 19, 1777, between the British and the Americans. The British were victorious, but the Americans were not. The British were victorious, but the Americans were not.

If you wish to know, go back to the Revolution. Read over the records of all slave and free men, white and black.

An interesting fact is that Massachusetts furnished more soldiers for the Revolution, and more now, than Virginia, Maryland, Delaware, North Carolina, South Carolina and Georgia put together. Tell one white people that if they stay in the South, they will be in the South.

# WILBERFORCE-BLUEFIELD PLAY TIE GAME, FIELD HEAVY; TILT ENDS WITH SCORE, 0-0

By "Seck" Simms

BLUEFIELD, W. Va., Oct. 14th.—The best Wilberforce could do against Bluefield Institute here last Saturday, was tie the game with a team that defeated Howard 18 to 7, Oct. 1st.

The field soggy and heavy from a heavy rain was a barrier to both teams. The backs of neither team could get their bearing in the heavy mud. The farthest Wilberforce got within scoring distance of the Bluefield goal posts was the ten yard line and the farthest Bluefield could get to the Wilberforce goal post was the twenty yard line when she recovered a Wilberforce fumble. Bluefield used impressive off tackle plays and at times romped through the Wilberforceans for nice little gains.

Wilberforce on the other hand, used a forward pass quite often and end runs that netted pretty nice little gains. Both teams were ever alert on the defensive.

Wilberforce started the first quarter and looked as if they would march on down the field for a touchdown. Wilberforce made a first down right off the reel. Harding then forward passed to Mendenhall for 19 yards. On the next play Moore fumbled and that upset Wilberforce. Bluefield recovered and made two nice gains. Then Bluefield resorted to the kick game. The ball searced back and forth to both teams and the time moved on. Wilberforce had the better of the argument in the first quarter. The second quarter went on about the same way, and the half ended nothing to nothing.

The nearest Wilberforce came to scoring was in the third quarter when Harding on the Bluefield 40 yard line dropped back for a place kick. The ball sailed through the air and hit the cross bar and dropped to the ground. On this play old lady luck favored Bluefield and all Bluefield was glad.

Had the field not been soggy, no one knows what the score would have been. Bluefield missed two pretty forward passes that looked good for a touchdown, and perhaps that where Wilberforce got the breaks. The whole Bluefield team put up a stellar game with Gallion, Graves, Drew and Higgins the outstanding stars. Wilberforce as well put up a good fight with Nixon getting most of the Wilberforce tactics. Wilberforce suffered very keenly the loss of Richie. That made Harding call the signals and he did well. His punts averaged anywhere from 50 to 60 or more yards. Wilberforce had the edge in that line. The game was clean, played and very sportsmanlike. Penalties were suffered for offenses only. Wilberforce suffered 35 yards in penalties and Bluefield suffered 15 yards. Wilberforce made six first downs and Bluefield made three. Bluefield intercepted two of Wilberforce's forward passes.

## WHAT IS THIS GOLF?

BY AN OLD 'DUB'

The Recorder will publish a series of articles on Golf, while the ancient Scottish game, the right is reserved to take up any phase of game at any time. Each article, however, will be complete in itself.

In order to play and understand golf the neophyte should know from the start among other things the vernacular, language or terms peculiarly applied to the game of golf. A glossary of golf terms will be published herein, in three installments, this is article one. You should save, this series of articles on golf as they will form a plain brief but concise and fundamental explanation of the game of golf.

**ADDRESSING THE BALL**—The player's method of standing and handling the club preparatory to striking the ball.

**ALL, EVEN, ALL SQUARE**—HALVED—An expression used to describe the position or result of a match when neither side has gained any advantage, the **APPROACH**—The stroke by which the ball is played on to the putting green.

**AWAY**—Ball to first play. **BAPING**—striking the ground immediately behind the ball. **BISQUE**—A point taken by the receiver of odds at any period during the game.

## Oregon Grid Stars Attract Attention

(Pacific Coast News Bureau)

PORTLAND, Ore., Oct. 14th.—

The remarkable ability of Bob Robinson and Chuck Williams, former local high school football stars, now students at the University of Oregon, is attracting considerable attention in athletics circles and from all indications the colored youths will be the proud possessors of Oregon grid letters this fall.

"Bob Robinson was one of the best written about athletes who ever shone in the Portland interscholastic circuit," states the sporting editor of the Daily Oregonian. "A halfback with unbelievable dexterity in avoiding tacklers in a broken field, he could also pass and punt. He excelled in practically every branch of athletics, football, baseball, basketball, track, tennis, swimming and golf. On the track he sprinted blunderbuss, high-jumped, threw the discus, javelin and shot and ran both distance and the hurdles."

"Chuck Williams played for Washington, 1924 being his big year. He was a bearcat on the defense and is still stronger on the defense than on the offense, although he is a powerful line plunger."

West, and South by Negroes. Various prominent political figures of the South have been questioned on the Thompson boom. B. J. Davis, Republican National Committeeman from Georgia, business man and editor of the Atlanta Independent, is reported as stating, Thompson holds a high place in the opinion of Negro Republican leaders, who are still waiting to hear from Mr. Coolidge. C. P. Gore, white, says Georgia will send uninstructed delegates to the national convention for the first time in many years. The Georgians, it seems are first for Coolidge, but it he does not run, there are Hughes, Hoover, Lowden, Dawes, and Thompson to choose from. In Mississippi, Dr. H. D. Redmond

Kennedy. He was seized by Ivey and Foncannon surrounded by the whole crowd of officers and hurried from the court room. About this time Judge Walker counsel for Kennedy shouted, "let me see the warrant, I want to know what court that warrant is in." Kennedy, as he was being carried out of the door said, "don't let them take me back to Georgia," "they are taking me to Georgia."

No warrant was ever shown or read, although Ivey, in the rear of the procession, told Walker that it was in possession of Sheriff Foncannon. It was said that the warrant was issued in City Court, but no record could be found of its having been issued.

Kennedy Counsel in the morning, had anticipated an effort would be made to kidnap the defendant, if he was freed, and about a half hour after he was rushed from the court room, another petition for writ of habeas corpus on the new arrest was filed with the County Clerk, Fred Stalnaker for service. It is said Sheriff Foncannon could not find any place about the city, and when he was finally found and the writ served Ivey the Georgia sheriff had called at the jail received Kennedy and was on the way to Georgia. It is asserted Sheriff Foncannon's records do not show to what person or when Kennedy was released.

Counsel for Kennedy after it was discovered he had been carried out of the city called Evansville and Ernest G. Tidlington. Evansville attorney secured a writ of habeas corpus to serve on Ivey in that city. However, after searching every train and inbound automobile for twenty-four hours, he was not found. It is thought Ivey took an other route South.

Kennedy was first arrested in Chicago on the claim of the Georgia sheriff that he was a fugitive from justice, after a legal fight and in the midst of legal technicalities he was kidnaped by the Georgia sheriff. He was brought to Terre Haute and placed in jail by Ivey while he secured some rest. Colored citizens of Terre Haute who had heard of the case when they were informed of Kennedy's plight filed a petition for a writ of habeas corpus in his behalf. Afterwards the legal battle ensued.

Kennedy was represented in Chicago by attorney Harold W. Tyler and in Terre Haute by Mr. Tyler, R. L. Bailey of Indianapolis, and ex-Judge J. T. Walker. The colored people of Terre Haute, have given every aid and support possible

for a mob to attack. Deputy Sheriff Sam Williams was first to approach Pinkston's home. He was shot five times in the body. The police retreated as did the crowd surrounding the house. Pinkston's machine gun began to pour a volley of shots in the direction of the throng. Men, fell wounded and were hurried away to nearby hospitals.

For over an hour he held the police at bay until overcome by tear bombs that were thrown in the house. City Detective Woody Sanderfer, hidden in a house nearby fired the shot that killed Pinkston. He notified other officers of the man's death and they rushed the house, firing bullets into Pinkston's body as it lay on the floor in a pool of blood. They continued firing until all had emptied their guns. Pinkston's body when brought out was perforated with bullets.

According to friends of Pinkston, he had remarked on several occasions that "the next white man who insulted him must die fighting." He had been bold in his expression that "living in the South was becoming unbearable to any man with self-respect."

It is reported Deputy Sam Williams is dead and that Policeman H. A. Stapp, who was shot in the head, is not expected to live.

The injured include:

George E. Kischoff, city sanitary inspector, cut with knife

George Borsy, bystander

J. A. Walton, a passing motorist, seriously shot

ters some time before Wednesday and promised to give himself up in to the hands of Prohibition officers.

Payne is said to be about 33 or 34 years and it is alleged he has been engaged in illicit liquor traffic since the advent of the prohibition law. According to reports his methods were peculiar and spectacular and he has always been able to elude the long arm of the law.

It is said Payne owned two cars and he is alleged to have employed two runners engaged in liquor traffic or transportation between Chicago, Indianapolis and Louisville.

Payne it is asserted never maintained regular headquarters, but his headquarters would probably be located at one place one week and another place another week.

His last headquarters were said to be at 929 Indiana Ave. According to reports he has had a spectacular career in the alleged illicit liquor traffic. He has been in several running gun battles or high jacker clashes, been pursued by officers and shot at time and again, but never wounded but once Payne has never been arrested.

"Uncle Tom" is reported to have amassed a considerable fortune in the alleged illicit liquor traffic, and it is said he owns around three dozen pieces of property on the South side of the city.

## CHICAGO, ILL.

St. John, 14th Chapter, 12th Verse  
Tribute to St. James for  
Bishop H. Haley

"Verily, verily, I say unto you, He that believeth in me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father."

So it is written by the Alpha and Omega and, as the night time follows the day, and at twilight there comes upon your horizon the beacon of night, and in the morning, again, a purple glow in the east, and as season follows season, and everything therein; there is none among us so cynical, who but at times must stop to ponder, at the perpetual evidence of a Living God.

And even as it is written as above, there are those among us, law of this great power, to carry on, to give light to the blind; to halt the faltering footsteps, to guide on even as we stray from our pathway.

There are no small men among God's really chosen shepherds and those of this day and time who are, are soon noted for as the chaff is blown away separately from the wheat; so are these monitors in the great City of Chicago. There his mighty temple of St. James Tabernacle sits one whom I do not hesitate to pay tribute to Bishop H. Haley, whose tribute of valors are attested even by crowned heads of Europe and in our last week's issue we carried a full text of a letter from her Majesty the Queen of Roumania. The poor, the crippled and all, even of his own community. And were I Wendell Phillips I would not lay claim to an "ode" unless I could pay tribute to this Christ appointed man and through the mighty echo of the press. I again would say that miracles do happen today even as in days of Sodom and Gomorah at Jerico. And to those who would seek said manifestations, I say, seek ye first. The Bishop and he will give you peace and prosperity, happiness and eternal passage on high. Progress is only noted by acts! Monuments are made by individuality even as our success. We do point to men and among us as leaders. Prophets and Healer in his name, yet we know "All things pass, act alone endures." Nations have arisen, and even as Babylon under Belshazzar did fall, so do nations fall; but unto this one knows no failure. And if acclaimed nations do fall, how can we as a hypocritical people of confused tongue (so to speak) can ever expect to carry on and build this great wall upward, without a better medium of understanding, such as Bishop has. We may adopt culture from our universities as individualists, but we must know ourselves as a unit. If great empires have fallen from sin, then if sin is the cause, we must eliminate said sin from our very foundation. And the foundation of a people is its youth, and when time and space would seem to even bar one from

the "voice." Then we have redress to the radio. There is broadcasted each Sunday at 1 to 2 p. m. from St. James Tabernacle at 3565 Grand Boulevard, the voice of the King and to be among that number to listen in and follow is to be envied.

Under the great tent at 63rd and Eberhart avenue. We wish to call the reader's attention to the last issue in reference to the 4th Anniversary program, continued in this issue, which does credit to all that took part. This was a Thursday night long to be remembered. A beautiful solo by Mrs. L. Anderson, accompanied by Miss Bernice Hines, "Hark the Voice of an Angel." Reading by Mrs. Margie Glandon. "It is Night." In honor of the Bishop. Solo, Mr. Arthur Amby, "Oh Taste and See That the Lord is Good." Reading, Mrs. Albert Wood, "It Sees Such a Weary Pathway." Paper, Mrs. Effie Maywood, "All Honor." Duet, Butler Brothers, "Cast Thy Bread Upon the Water. Solo by Madam Evans of New York, "Jesus Lover of My Soul. Paper, Mrs. Maud Flowers, president of Usher Board, subject, "Our Work. Solo, Mr. James Butter, "The Lord is My Light. Song by little Master Gary, 4 years old, "Oh Lord Have Mercy, Have Mercy On Me." Solo, Mrs. Evan, "Teach Me To Pray." Duet by Miss Bessie Samon and Mrs. C. Adkins, "Jesus Love That Bought Me." Remarks by Mrs. E. J. Rauls. The Bishop closed the program in a very timely address. He thanked all who had taken part in the exercises that closed the fourth anniversary of St. James. It shall go down in history for our children to read and remember.

God's name is to be praised for the joy that has filled our hearts today and tonight on this occasion. The soul of man is the word God. His word is proof of all I have tried to say as I went to school at the foot of the cross to prove my part. This is truly the season of hope and grace, my lambs. Jesus is passing by and you have but to cast anchor while he is passing. If your heart is heavy, to you, my loved ones, he is saying, "suffered that my yoke might be easy and my burden light."

We come to him for he died for us all. He will not cast you away and no soul shall be lost. You must be saved or lost in the judgment. I love you. I love you. Call upon the King. Can't you see him on yonder cross when he said, "It is finished."

At the close of this wonderful message, shouts and hallelujahs filled this great tabernacle. It pays to serve Jesus," was sung by the choir. The Bishop extended the invitation and twenty-one came to the altar for prayer.

Song, "Take the name of Jesus With You." Rev. Fraizer led in prayer. Requests were being handed in. "In loving Kindness Jesus Came," was sung by the Bishop who offered prayer.

"Dear Heavenly Father, overlasting God, into whose presence we are loved, we ask you, dear Lord, while we are gathered in this tent, to bless the many requests 'till to them, peace be still. Bless them that ask for prayer for those that desire to redeem their property, for those in court and can't get justice, bring them out all right, Lord; remember me Lord; stop, oh, Lord! stop in the tent. Don't let them go another week without work. Send relief, oh Lord! Then, Lord, bless the gospel. You have called me and chosen me, and said, 'Lo, I am with you. Go where I tell you to go, and I will be with you.' Help me to go. Love us all. Heal all in this tent. I ask you to return the money stolen and the clothing. Bless every request. I ask it and it will be done. Amen."

"Bring Them In From the Fields of Sin," was sung while mothers from all over the city and some out of the city brought their little children to the altar to be blessed by the Bishop. Oh, this was truly a touching scene on Sunday afternoon at 3:30. Twenty-seven were prayed for and blessed while thank-filled hearts and mothers with tear-stained eyes looked on in prayer, while this servant of God blessed their little ones.

The night service was one long to be remembered. The day had been one of intense heat. The throng remained from the afternoon to the night service despite

the fact lowering clouds and faint, but at times distinct, sounds told us that a storm was approaching. Promptly at 7:30 the song service began and as the Bishop had requested that all bring tablets and pencils for the school of instruction. The on-coming storm did not hinder those who dared venture out, from being there on time. After prayer by Sister Charles the Bishop sang, "While he is passing by," after which he announced his subject, "Satan, His Origin, and Works to Destroy."

Questions:

1. Who once fell from Heaven? Luke 10 chap. 18 verse. Isaiah 14 chap. 12 verse.

2. Who was cast out of Heaven with him. Rev. 12:7-9.

3. What had these angels done. 2 Peter, 2:4.

4. What position did Satan once have in Heaven. Ezekiel, 28 chap. 14 verse.

5. What is said of his triumph before his fall. Ezekiel 28:12. What of his wisdom. 3 chapter, 12 verse, same book. Did God create any evil in him. 15 verse, same book. How did he prevent his perfection. 16:17, same book. Read verse 12-14. What became of Cherub. Who approached Eve Gen. 1:5. This, together with 30 questions, were asked and explained by the Bishop. A school of instruction, by Satan, His Origin and Works, until we were next brought into the wisdom of Satan in Acts 19:6-10. The most effective weapon to fight Satan in his work of deceiving man, then the final end of Satan will be found in Ezekiel 28:3.

Next we were taught the Ministry of Love and the Holy Angels, Job 38:4-7. In them with their creation how do Angels compare with man? Psalms 8:4-5; and that each child of God has an Angel, Matt. 8:10. For the Angel of the Lord encampeth round about them that fear him.

While this very instructive lesson was on, the storm in all its fury broke. Thirteen strong men stepped forward and bowed their heads at the posts for the tent's support. While throughout the tent the Bishop stepped quietly from one to the other shaking hands and speaking to each person, smiling assurance. Members in silence bowed their heads, in prayer, while the great tent swayed by the power of God. Several persons made their way into the tent in the midst of that terrible storm. The Bishop sang, "I heard the voice of Jesus say, Mr. Walker of 547 Lafayette St. came forward and told of a vision he had the night before that led to his conversion. Master the tempest is raging and all the way my Savior leads me. Rev. Booth read the 8th chapter of Luke and the 22nd verse. "I have a mansion prepared for you," was sung by the choir. The Bishop called on Rev. Franzier for a few remarks, teaching of the healing power of our Lord and Savior Jesus Christ. If you do good it will return to you. The blessed woman, she only touched the hem of his garment and was made whole. How many hearts are made free from sin by the touch of the master? Song, "Throw out the life line," the invitation and offering was extended and lifted. Seven persons came forward and Mr. Walker as a convert testified. Truly this was a wonderful service.

Sunday, September 18, was the last day of the great tent meetings and from early morning, for the day had dawned after the storm, bright and warm, until after midnight, throngs wended their way to hear the farewell message of the Tabernacle workers and the wonderful God-sent man, who had labored for 33 days for the salvation of men and the comfort and joy to all that had the pleasure to hear him. Bishop Haley.
